ADOPTIONS FROM THIS PAST WEEK!

Charlotte and Buster moved to Cambridge Maryland over the weekend and is now living with the Stouffer family. The two kitties seemed very comfortable with their new home as they were exploring each and every room during the adoption process. Thank you to Paul and Jackalyn Stouffer for adopting these two kitties together. I am sure they will give you many wonderful years of happiness.

Ellie and her 6 puppies born at ARF, 6/20/10 ☺

The Gill family adopted a cat from ARF many years ago and decided to come back to look for a dog to join their family. Pinky was the lucky one.

She moved to her new home last Friday and is living in Stevensville, MD with 4 cats Licorice, Sadie, Tiger, and Bleu Bear. Good luck Pinky with your new loving home! You deserve the best!

Sunflower finally found her new home! May of 2007 Sunflower came to ARF with her kittens. All of her kittens were adopted and Sunflower made her home at ARF. Nicole Santoro (works for ARF) and her mom Kristine decided to give Sunflower a home. She is now living in Stevensville and adjusting very well.

Carol Stob was shopping at "Its all for the Pets" in Severna Park the same day that ARF was there showing some of ARF's animals. Carol met Boomer and instantly knew he would be perfect for their home. Boomer is now living in Severna Park, sharing his home with two Pugs, Reese and Reiley and 5 cats.

Adoption Updates!

We added Patrick to the family in April. At first our other two cats were very jealous and shocked, but now they get along and can play together. He can be very frisky, but is also very loving and sleeps on me every night. My mom and I volunteer at ARF and had to resist adopting a lot of the animals, but we bonded with Patrick and knew we had to adopt him. His favorite toys happen to be the computer and printer, he runs from across the house whenever he hears printing. We love him very much, thank you ARF!

Dear Susan,

You can see how well Penny fits in with Daisy and best friend Abby. She was a great addition to our family, thanks for all that you do to find homes for all the animals.

Dear Susan,

Just wanted to share some pictures of our boys, Jake and Elwood (Gatsby) on their 2nd birthday. We adopted them from ARF in Aug on 2008 - they were born June 2008. They enjoyed a wonderful porterhouse for their birthday dinner.

Thank you to Sally Johnson and her fellow classmates from Kent Island High School who collected many wonderful items for ARF. Sally is in the 9th grade and did this through her Service Learning class with the help of her teachers, Mrs. Witts and Mrs Britton. Thank you to everyone. It is because of this type of community service that ARF is able to continue with their efforts, "Saving and Improving the Lives of Companion Animals".

Hello there. my name is Chester. I am a 3 year old yellow lab mix. My family returned me to ARF, because they didn't have the time that they thought I needed to spend with a family. I have history with ARF. I was one of the dogs that they brought back from Mississippi. If you haven't read the story, here it is. You see, the wonderful people there did a great job in rescuing so many of us!

I am now house-broken. I know how to sit, lay down, shake, chase tennis balls, and stay. I walk on a leash very nicely thank you!! I have a heart of gold and will be your very best friend forever. I love to chase the cats at our center, but somehow, they seem to get away, and I play nice. If you have the room in your heart and your home, I will give you the most unconditional love that you have never felt before. I love women, but men are nice too. Please call my rescue if you would like to meet me. I can't wait to find a really nice family to call my own

I am neutered, and up to date on all of my shots. :) Stop by and see me today!
Love, Chester
